Dear Mr. Gilliambardo,

This letter is in response to the ad you placed on Craigslist Monday. I have enclosed a resume that will provide more information about my training and experience.

I have been working with graphic design for several years. I am currently amending that knowledge by undertaking the Web Design program at PTec Clearwater. I feel that this, along with my training and work history in the security field, make me a dynamic choice for your company. I have used your weapons on several occasions both on the range and in the field as a hunting platform, and would be thrilled to be a part of a company that manufactures such quality machinery.

I will plan to contact you on Monday to set up an interview. If you need any additional information, please contact me at 727 643-9962.

Sincerely,

Sean Walker
